Vector Images
### *Portfolio Requirement*
June, 2021

All applicants must submit a digital portfolio of original creative work. The Applicant Digital Portfolio (ADP) must be submitted online following the instructions for the MIGP Applicant Digital Portfolio. The ADP must be submitted as a PowerPoint, using the MIGP PowerPoint Template. The ADP must be received by midnight on January 10. The portfolio must contain 20 pieces of original creative work. Specific required works are listed in the ADP instructions. All artwork must be drawn from direct observation (not from photographic or video reference unless the photo or video was taken by the applicant). ***One (1) vector- or bézier-based computer-graphic image must be included in the ADP.***

❶ *"How to Make a Fake Shot," by K. Piciacchia ('21).*
❷ *"Cherry Lips," by M. Gullotto ('12).*

We request at least one image created with a vector- or bézier-based computer graphics program, such as Adobe Illustrator™ or Corel Draw™, because it will demonstrate an applicant's experience and skill level in digital image creation using only bézier curves (splines), lines, and/or shapes. While we use Illustrator as one of our standard tools, you may use whatever vector-based software to which you have access.

❶ *"The Digital Farm," by K. FRankel ('22).*
❷ *"How to Make a Paper Airplane," by M. Neace ('19).*
❸ *"Wakizashi," by R. Reed ('20).*
❹ *"Regina Spektor Poster" by L. Steinberg ('12).*
❺ *"Pasta," by M. Wallin ('19).*
❻ *"Ski Trip," by S. Nigro ('19).*
