

Choose the Track that's right for you...

Traditional Curriculum Clerkship

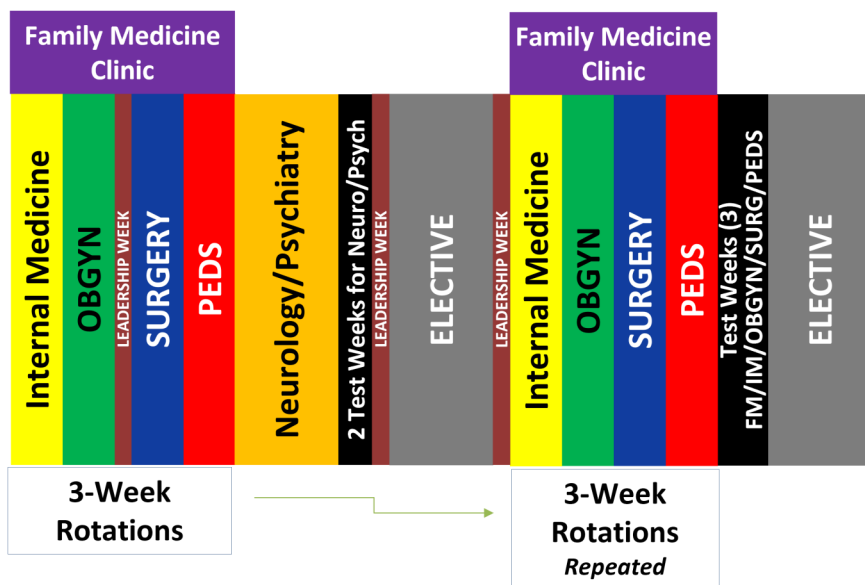

Sample Schedule

- Scholarship for all students
- Block rotations with NBME ("shelf") exam after each block
- Rotation lottery preference over Augusta based students
- One-on-one clinical experiences, career mentoring, exam prep and support
- Access to the SW Leadership Scholar Program
- Most weekends open for research projects and study time

Longitudinal Integrated Curriculum (LIC) Clerkship

Sample Schedule

- Scholarship for all students
- 3 week core rotations, twice (for spaced repetition and minimized burnout)
- More dedicated study time
- 6 week integrated Neurology/ Psychiatry block
- Weekly Family Medicine rotation (continuity clinic)
- SW Leadership Scholar Program built into curriculum
- Small group academic half days
- Most weekends open for research projects and study time
- Residency options in IM, Psych or FM for Peach State Scholars and no commitment 3 year med school

*After Clerkship ("3rd year") SW students enjoy personalized away rotation scheduling, regional and Augusta based electives, advising, and local Dean's Letter to maximize chances of match success
