AUGUSTA UNIVERSITY CERTIFICATE OF IMMUNIZATION

Your health care provider must complete and sign this form. All information must be written in English.

This document must be submitted at least two (2) weeks prior to the start of semester.

Please follow the directions at http://www.augusta.edu/shs/immunizations.php to submit your record.

REQUIRED IMMUNIZATIONS - Non-Clinical

Vaccine	Date: M/DD/YYYY	REQUIRED FOR & WHAT is needed
MMR (measles, mumps, rubella)	#1 ___/___/___ #2: ___/___/___	**REQUIRED for students born after Jan. 1, 1957: vaccine or antibody titer.** **WHAT:** Two (2) doses of combined measles-mumps- rubella or "MMR" or separate vaccines for each measles, mumps, and rubella. The first dose of all vaccine types must be given at 12 months of age or later and the second dose of the MMR, measles, mumps at least 28 days after the first dose ***OR*** - Attach copy of lab report of IgG blood antibody titer results for each virus: measles, mumps, rubella as evidence of immunity.
Varicella	#1 ____/____/____ #2: ____/____/____ ***OR*** History of chicken pox: ____/____/____	**REQUIRED** for all students. WHAT: 2 doses given at least 3 months apart if both doses are given before age 13 OR - 2 doses at least 4 weeks apart if first dose is given after 13th birthday OR - Documented history by physician of chicken pox or shingles OR - Attach copy of lab report of IgG antibody titer results as evidence of immunity.
Tetanus, Diphtheria, Pertussis (TDaP)	____/____/_____ If TDaP is > 10 years old, date of last Tetanus booster: ____/____/____	**REQUIRED** for all students. **WHAT:** One TDaP dose administered after 6/10/2005. If TDaP is was administered more than 10 years ago, then a Td/TDaP dose is ALSO required.
Hepatitis B	#1: ____/____/____ #2: ____/____/____ #3: ____/____/____	**REQUIRED for all students.** **WHAT:** 3 dose of hepatitis B series (given at 0, 1-2, and 4-6 months) **OR** -3 dose combined hepatitis A and hepatitis B series (at 0, 1-2 and 6-12 months) **OR** -2 dose hepatitis B series of Recombivax (at 0 and 4-6 months) given at 11-15 years of age **OR** -Attach copy of lab report of Hep B surface antibody titer results.
Tuberculosis (TB)	TB Screening Questionnaire on Page 2	**REQUIRED**: All students must complete the "TB screening questionnaire" on pages 2.
Meningococcal (ACWY (MCV4)	#1 ___/___/___ **&** #2: ___/___/___ if initial dose more than 5 years ago	**REQUIRED:** All students living in on-campus housing or sorority/fraternity housing. **WHAT**: One dose if unvaccinated. If initial dose given more than 5 years ago, a booster is required. A student may sign a waiver and statement of understanding by going to: https://www.augusta.edu/shs/immunizationwaivers.php

STRONGLY RECOMMENDED IMMUNIZATIONS:

Vaccine	Date: MM/DD/YY	Date: MM/DD/YY	Date: MM/DD/YY	Notes:
COVID-19	/ /	/ /	/ /	Type:
Hepatitis A	/ /	/ /	Strongly recommended if travel outside of U.S.	
Meningococcal B	/ /	/ /	/ /	(Bexsero or Trumenba – circle type given)
HPV	/ /	/ /	/ /	Males and females through age 45 years
Influenza	/ /	-------	Annual - September to March; required for health professional students	

I attest that all of the above information is accurate and agree to release this information to Augusta University Student Health.

Submit this page only if you are claiming exemption from the USG Immunization requirements

STUDENT EXEMPTIONS

Select the appropriate box, sign and date if you are claiming exemption of the immunization requirement for one of the following reasons:

☐ I affirm that the immunizations required by the University System of Georgia are in conflict with my religious beliefs. I understand I am subject to exclusion from all on-campus classes and activities in the event of an outbreak of disease for which immunization is required.

☐ I declare that I am enrolling ONLY in online classes and will not be attending any activities on any AU campus. If I subsequently register for even one in-person class, I must provide proof of immunizations at least two (2) weeks before semester.

I attest that all of the above information is accurate and agree to the release of this information to Augusta University Student Health.

Student Signature: ____**Date:** ___________________

PERMANENT OR TEMPORARY MEDICAL EXEMPTIONS

Requires signature of licensed healthcare clinician:

☐ I affirm that this student is exempt from the above immunizations due to a permanent medical contraindication.

☐ I affirm that this student is temporarily exempt from the above immunizations until _____/____/_____.

REQUIRED SIGNATURE OF LICENSED HEALTHCARE CLINICIAN	
Name: ____	
Address: ____	Phone: ___________________________

Please answer these questions –by checking the appropriate box (“Yes” or “No”):

1. Have you had close contact with persons known or suspected to have active? ☐ Yes ☐ No
2. Were you born in one of the countries listed below that have a high incidence of active TB? ☐ Yes ☐ No
   If yes, please **circle** the country below.

- Afghanistan
- Algeria
- Angola
- Argentina
- Armenia
- Azerbaijan
- Bahrain
- Bangladesh
- Belarus
- Belize
- Benin
- Bhutan
- Bolivia (Plurinational State of)
- Bosnia and Herzegovina
- Botswana
- Brazil
- Brunei Darussalam
- Bulgaria
- Burkina Faso
- Burundi
- Cambodia
- Cameroon
- Cape Verde
- Central African Republic
- Chad
- China
- Colombia
- Comoros
- Congo
- Côte d'Ivoire
- Croatia
- Democratic People's Republic of Korea
- Democratic Republic of the Congo
- Djibouti
- Dominican Republic
- Ecuador
- El Salvador
- Equatorial Guinea
- Eritrea
- Estonia
- Ethiopia
- Fiji
- Gabon
- Gambia
- Georgia
- Ghana
- Guam
- Guatemala
- Guinea
- Guinea-Bissau
- Guyana
- Haiti
- Honduras
- India
- Indonesia
- Iraq
- Japan
- Kazakhstan
- Kenya
- Kiribati
- Kuwait
- Kyrgyzstan
- Lao People's Democratic Republic
- Latvia
- Lesotho
- Liberia
- Libyan Arab Jamahiriya
- Lithuania
- Madagascar
- Malawi
- Malaysia
- Maldives
- Mali
- Marshall Islands
- Mauritania
- Mauritius
- Micronesia (Federated States of)
- Mongolia
- Morocco
- Mozambique
- Myanmar
- Namibia
- Nepal
- Nicaragua
- Niger
- Nigeria
- Pakistan
- Palau
- Panama
- Papua New Guinea
- Paraguay
- Peru
- Philippines
- Poland
- Portugal
- Qatar
- Republic of Korea
- Republic of Moldova
- Romania
- Russian Federation
- Rwanda
- Saint Vincent and the Grenadines
- Sao Tome and Principe
- Senegal
- Seychelles
- Sierra Leone
- Singapore
- Solomon Islands
- Somalia
- South Africa
- Sri Lanka

3. Have you had frequent or prolonged visits to one or more of the countries listed above? ☐ Yes ☐ No
   If yes, **check** the applicable countries.
4. Have you been a resident and/or employee of high-risk congregate settings (e.g.., correctional facilities, homeless shelters, long-term care facilities, etc.) ☐ Yes ☐ No
5. Have you been a volunteer or healthcare worker who served clients/patients who were at increased risk for active TB disease? ☐ Yes ☐ No
6. Have you ever been a member of any of the following groups that may have an increased incidence of latent or active TB disease: medical underserved, low-income, or abusing drugs or alcohol? ☐ Yes ☐ No
7. Have you ever had a positive TB skin test or IGRA blood test? ☐ Yes ☐ No
8. Have you had the BCG* vaccination? ☐ Yes ☐ No
   **The BCG vaccination is a vaccine for TB that is typically given in foreign countries with a higher incidence of TB. For more information regarding this vaccine, visit: https://www.cdc.gov/vaccines/vpd/tb/index.html .*

ATTESTATION STATEMENT:

I attest that the above information is accurate.

Student Signature: ____Date: _______________

Date of Birth: ___/_____/_________
Student ID: ____________________________

CLINICAL ASSESSMENT BY HEALTHCARE CLINICIANS

1. Please review and verify the TB Questionnaire responses. If any are answered "YES", they are candidates for either tuberculin skin test or Interferon Gamma Release Assay (IGRA) unless a previous positive test has been documented.
2. History of positive TB skin test or IGRA blood test? ☐ Yes (document below) ☐ No
   History of BCG vaccination? ☐ Yes (consider IGRA if possible) ☐ No
3. TB Symptoms Check: Does the student have signs or symptoms of active pulmonary TB disease? ☐ Yes ☐ No
4. Proceed with further tests to exclude active TB, including chest X-ray as medically indicated.
5. Diagnostic/screening tests:
   - ➢ Tuberculin Skin Test (TST):
     - Date Given: ______________________ Date Read: ______________________
     - Skin test result = ____________ mm induration; interpretation* = ☐ positive ☐ negative
   - ➢ Interferon Gamma Release Assay (IGRA)
     - Date obtained: ____/____/____ Specify method: ☐ QFT-GIT ☐ T-spot ☐ other
     - Result: ☐ Positive ☐ Negative ☐ Indeterminate ☐ Borderline (T-spot only)
   - ➢ Chest X-ray (required if TST or IGRA is positive):
     - Date of chest X-ray: _____/_____/____ Result: ☐ normal ☐ abnormal (acute pulmonary TB)

TST Interpretation guidelines:

≥ 5 mm is positive:
- recent close contacts of an individual with infectious TB
- persons with fibrotic changes on a prior chest x-ray, consistent with past TB disease
- organ transplant recipients and other immunocompromised persons

≥ 10mm is positive:
- recent arrival to the U.S. (<5 years) from high prevalence areas
- injection drug users
- Mycobacteriology lab personnel
- residents, employees, or volunteers in high-risk congregate settings
- persons with medical conditions that increase the risk of progression to TB disease, including immunosuppressive disorders, silicosis, diabetes mellitus, chronic renal failure, and certain types of cancer (e.g., leukemias and lymphomas, cancers of head/neck/lung), gastrectomy or jejunoileal bypass, weight loss > 10% below ideal body weight

≥ 15 mm is positive:
- persons with no known risk factors for TB
